EDITORIAL**BACKING HIM UP**

The business men and firms of Clearfield are standing back of the government in a most loyal manner. Lip service has no place in their idea of loyalty. The various committee members appointed on the Liberty Loan are most enthusiastic workers. Many of them have made large sacrifices. One man when drafted into committee work on a thirty minute notice said, "I have more work to do today than I will ever get done but if it is for the government I will be there on time and work until you say stop." This man was a staunch Republican, too.

We want to call the attention of our readers to the series of advertisements now running in this paper and in every other newspaper printed in Clearfield. These advertisements will continue until the Loan is closed. They are the donation of the merchants and business men of Clearfield.

In this way we believe the necessity of the Loan, the features of the Loan and the responsibility for the needs of war will be brought to the attention of the greatest number of people at the least expense. The entire series will embrace twenty-eight pages of newspaper advertising.

The business interests of Clearfield are buying bonds and advertising them as well. They are performing a double service. Take advantage of their work, read the advertisements and let yourself open to conviction, that you might clearly see the path to duty in offering a part of your earnings to the government as a loan.

We cannot believe that anyone could be so foolish as to believe anything like the stories which the District Attorney declares are being circulated with reference to his alleged attempt to evade military service. Further than that we do not believe that any such stories are in circulation. They sound like other "phantoms" born of imagination and conceived in mortal fear. This story is too ridiculous to be given credence. In his private life we know the District Attorney as a gentleman and though opposed to him for re-election we denounce any attempt at malicious lies.

The queries raised in regard to expenses of the District Attorney's office threw such a scare into Welch headquarters that they have the "bugaboo" bug in fine shape. It is only natural that they imagine they hear all kinds of things. They are like the timid hare that hops along the highway in the glare of the high power headlight.

However, there is one noise buzzing in their ears that is a tragic reality. It is the general protest against another term of office for a man who has proven himself unequal to his job. No amount of explaining or excuses will wipe out this, one of the just accusations against the candidate.

**TEACHERS SCARCE
IN CENTRE COUNTY**

The scarcity of school teachers is causing concern in Centre County, especially in the country districts. Teachers' certificates that are fully a dozen years old, and which have been on the shelf for that long without being in use, have been brought into service by men who were regarded as "too old" prior to the beginning of the war. The Coburn grammar school in Penn township, Centre county, was opened this week, after being closed several weeks for want of a teacher. Wilbur F. Cleaver, editor of the State College Times, has given up newspaper work to become a teacher at Johnstown.

The Ladies' Aid of the West Side M. E. Church will serve a supper in the basement of the church Thursday, October 18, from five o'clock to eight. Price 35 cents. Menu: Baked ham, filling, whipped potatoes, dressing, cold slaw, pickles, celery, bread, butter and coffee. Ice cream and cake extra. O-16-St-ch

MEN SATIRIZED BY
MRS. W. J. BRYAN

She Tells Suffrage Crowd They Always Opposed Things That Make For Progress, Including Baby Buggy

New York, Oct. 16.—Mrs. William Jennings Bryan was applauded for three minutes last night when she was introduced at the Suffrage rally at Cooper Union by Chairman Fred C. Howe, Commissioner of Education. She painted a satirical picture of the evils of Woman Suffrage that brought laughter from the audience of 300. Mrs. Bryan said in part: "Man has always opposed those things which spoke for progress. He referred to the first matches as a hellish invention.

"The cooking stove too, was that by him to be dangerous, and the baby buggy was looked upon as a device which was certain to carry woman daily miles from her home and cause neglect of her duties.

"Street lighting was opposed as bound to increase immorality and to cause people to prowl about the streets all night.

"It has even been suggested that mankind might die of unrequited love if women were granted the right to vote, and that woman would die of exhaustion when she came to voting day in and day out.

Poor Judges of Women

"Men are poor judges of women, even after long association, when they permit themselves to believe that we are going to lose our femininity because of getting the vote. We cannot possibly lose it, as it is woven into our very fabric.

"Our boys and girls must be taught at home to meet the responsibility of citizenship. Who but the mother should be pre-eminent in this work and how is she to measure up to the task if deprived of the opportunity to share in the tasks of Government?"

"Man and woman must come to coordinate and supplement each the work of the other, physically, mentally and spiritually, in a manner calculated to make for the betterment of the world; and the ballot is one of the best instruments to this end.

"It is not claimed that the ballot in the hands of women will prove a panacea for all ills, but it will make for improvement. And the ballot for woman is absolutely essential for the protection of the wage earners among women."

COURT NOTES

The Citizens Building and Loan Association, through its attorney M. Ward Fleming of Philipsburg, instituted proceedings in the Prothonotary's office Tuesday in which they seek to secure possession of the property formerly belonging to Gust Odell, located in Morris township, and which was sold to them at Sheriff's sale on February 5, 1917.

On petition of John C. Arnold, Esq., Judge Bell yesterday granted a writ of certiorari directing that the proceedings in the case of Com. vs. Amelia Goss, alias Nellie Goss, convicted before Alderman Joe Boyden of DuBois, of disorderly conduct, be returned to court, for argument as to the jurisdiction of the Alderman in summary conviction.

John Uber, of DuBois, refuses any longer to be a husband in name and not in fact, and accordingly instructed his attorney, John C. Arnold, to institute proceedings in the Clearfield county courts to dissolve the bonds of wedlock which only figuratively speaking bind him to his wife, Mrs. Lillie Uber. Uber, in his complaint recites the fact that he was married in September, 1894, and on May 10, 1916, his wife transferred her affections to one James Dinger and has since refused to consider herself his wife, hence the necessity for the divorce.

A. R. Chase, Esq., filed a similar petition on behalf of Willard Albright who seeks a divorce from his wife, Mrs. Esther Albright. The Albrights never made much of a success traveling in double harness, as the complaint states that the marriage knot was tied April 28, 1916, and shipped May 27, 1916. The wife is alleged to have deserted her lord and master on that date and a divorce is the only remedy.

Johnson, Supt. of Tyrone Division came over from Tyrone on Monday evening and addressed the railroad men. A committee with C. W. Bickford, the manager of the Osceola Silica and Fire Brick Co., as president, and A. W. Board as Secretary has been appointed and a meeting will be held at the Fireman's Arcade this Tuesday evening to complete the organization. The women of the town are also becoming interested and propose to have a share in the sale of the bonds. Members of the Presbyterian Sunday school will hold a social in the lecture room of the church to secure funds to complete the payment on bonds purchased.

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy nose, cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bilious poisons, and thus bring the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully purgating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, others who have swollen limbs, blood in the urine

sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

An English correspondent suggests that Uncle Sam's soldiers be called "Samsons," since they are strong men and are going to pull down the pillars of German militarism about the Kaiser's ears.

WHY HESITATE?

In 1776 our forefathers fought a long and bloody war---LIBERTY WAS THE RESULT.

In 1861 state battled with state and men fought and died as in no war up to that time---and UNION WAS THE RESULT.

Liberty and Union through all these years have stood for the name of America. The peasant from old Russia, the laborer from sunny Italy, millions from every land heard this call and have journeyed to this land of Liberty and Union, but STOP---

UNCLE SAM IS CALLING

Germany, in the form of a military giant, is attempting to crush our friends; to overwhelm them and then turn to the land we love.

WHAT WILL BECOME OF OUR LIBERTY---OUR UNION?

Are we to forget the Boys of '61 who marched away from this county; some never to return, others to be sent back crippled wrecks of human bodies?

Are we to forget that old veteran close to us, a father, uncle or brother who went through Hell that the union might be preserved?

Are we so callous that we can sit back and not be stirred in this hour of our nation's need?

Shall we be ungrateful for the prosperity and good fortune that has been our share that, at this time, we would hesitate to loan our Uncle Sam the sum he asks?

Your government must have guns to fire; ammunition for the guns and clothes for the boys who are going to preserve that Liberty and Union that was so dearly bought.

I used Doan's Kidney Pills as directed and they gave me splendid relief." (Statement given June 28, 1912.)

QUICK RELIEF
FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cleanse the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and there is a bad breath—a full, tired feeling—acidity, torpid liver and are constipated, you find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

By Midnight
Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8½ months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

Wesley Norris Talks to Voters

To the Voters of Clearfield County. Gentlemen:—

As a Candidate the second time for the office of Sheriff of Clearfield County, having incurred much expense and considering my advanced age and that this is my last chance for election, I appeal most earnestly and anxiously for your votes at the coming November election. I feel that aside from these claims I deserve your favorable consideration because as a common citizen I have always favored the laboring classes of which I am one, and if elected I stand pledged to favor every laboring man to the utmost of my ability, and without asking his politics. I have always tried to be active in helping to build up the town and county. I am a native of Pike township and belong to a large family of heavy tax payers in Clearfield County and our connection is one of the largest in the County.

I feel that as I secured my nomination honorably and fairly, and largely upon my claims as the second highest man four years ago, I can honestly appeal to the voters to help me now as this is my last chance.

I plead with every voter who knows me to use their utmost influence to get every friendly voter to the polls on election day and to use your best influence in my behalf with all the voters in Clearfield County.

Yours very truly,
W. P. NORRIS.

LARGE PERCENTAGE OF LAST TO BE EXAMINED PHYSICALLY UNFIT

Many However Can Have Defects Put in Order and Make Themselves Eligible for Service

FOUR FAILED TO APPEAR

The Exemption Board for District No. 1 held its third examination yesterday at the Court House and during the afternoon passed upon ninety-two of the one hundred men summoned at this call.

Of this number sixty-one were physically fit, while thirty-one were rejected for failure to come up to the requirements.

The board was assisted by Dr. Gordon, Yeane, Frantz, and Quigley, of Clearfield and King of Curwensville.

Of the total number examined forty-three asked for exemption on the ground of having dependents, either by marriage or through aged and infirm parents, while five claimed on the ground of being aliens and not subject to service.

As a member of those claiming exemption failed to pass the physical examination the total number passed and who did not make any claim for exemption totaled twenty-three.

The entire list as passed upon follows:

Passed and Accepted for Service
No time has been fixed as yet for sending the remaining number necessary to complete the district's quota and may not be received until this final call is eligible to be sent which will not be for ten days or two weeks.

The board received notice yesterday requiring them to ship the colored men from this district to Camp Lee during the week beginning October 27th and this will be done. There are seven colored men on the list from this district.

JIM DALE
By
Ellis Parker Butler
of the Vigilantes

Young Jimmy Dale, across our street,
Is just a gawky lad,
He grew so fast, the doctors said,
His heart was mighty bad.

They wouldn't let him do much work
Or any hearty play
But, just the same, they drafted Jim
And Jim has gone away.

Jim was a sort of great, big kid,
And fooling all the while
So, when they ordered him to camp,
He went there with a smile.

Jim Dale is in the army now,
Lank legs, bum heart and all,
To fight like other drafted men
That got the Country's call.

God, yes! Jim's heart may drop him dead
Or he may live to be
Shot all to pieces "over there"—
What odds to you or me?

By thunder! It's these odds to you!—
If kids like Jim can go,
With smiles, to fight our wars for us
We can put up the dough.

If we can buy a bond or two
And don't, while Jim pines, curs,
Goes smiling off to death or wounds—
Then Hell's too good for us!

ESCAPES GERMAN PRISON CAMP BY HIDING IN SHIP

W. Chas. Smith of Norwalk, Conn. Reaches Stockholm and Says all American Prisoners are Safe

HAPPIEST MAN IN THE WORLD

By Wm. G. Sheppard
Stockholm, Oct. 17.—The first American to escape from a German prison camp reached here today after six days without water in the hull of a ship which arrived from Kiel. He was W. Charles Smith of Norwalk, Conn.

"None of the American prisoners at Lubeck are dead Smith declared, but their lives were only saved by packages sent to them by kind-hearted Britishers via Bern. Our guards at Lubeck weren't for war. They would say 'to hell with the Kaiser.' This is a rich man's war in Germany. We want it ended." Smith was the happiest man in the world when he reached Stockholm.

"You can tell the folks back home," he told the United Press, "that the other prisoners at Lubeck are all doing well all things considered. Smith was loading a German ship with supplies when he saw his chance to escape. He hid himself in the hold and went six days without water.

First Number On High School Course

Chicago Orchestral Choir, Will be Here Saturday Evening

The first number of the High School entertainment course for the season of 1917-18 will be given in the spacious auditorium at the New High School building on Saturday evening next, and the music lovers of Clearfield should make sure to be present.

This course of entertainments is one of the strongest and best ever arranged for Clearfield and will be the only means of furnishing high class entertainment for our people during the coming winter.

The Chicago Orchestral Choir presents a new feature in Lyceum entertainments and its novelty and charm will be appreciated by all fortunate enough to hear it. It is a strictly high grade attraction and away above the class of entertainers usually furnished. The only reason it can be brought to Clearfield at the present popular prices is because it is one of a course series, it being ordinarily a \$250 entertainment and the fact is also deserving of appreciation.

The Chicago Orchestral Choir represents a new idea in Lyceum companies—one sure to prove popular with Lyceum committees and Lyceum audiences.

One portion of the evening's program will be given up to stringed instruments, the ensemble including three violins, one viola, one cello and one bass viol. There will also be piano accompaniment.

Another portion of the program will be rendered on the following ensemble of instruments: Cornet, clarinet, French horn, euphonium, trombone and tuba. There will also be instrumental solos, duets and quartets and vocal solos.

Season ticket holders may have their tickets reserved by presenting them at the High school building on Friday evening from 3:15 to 5:30.

General admission will be 50 cents. The performance will begin at 8:15 p. m., Saturday evening.

Clark Gilbert of Philadelphia representing the Bowen and Dunham Millinery House was transacting business here today.

James Duncan of Cleveland, Ohio, who represents the Reed Millinery House there in town on business today.

Mrs. Earl C. Tuten and Mrs. Hugh Taylor, of Bellefonte, were Clearfield visitors today.

Prosper C. Cordier, of Girard township, had business in Clearfield today.

He got but seventy-five cents at clearing the music. Delicious refreshments were served.

The guests departed wishing Mr. Hoover much success in his work.

\$1000 "SLUSH FUND" RAISED BY DUBOIS LIQUOR DEALERS TO BE USED TO DEFEAT JOHN ARNOLD

Public Safety Committee Will ask Judges To Close All Our Hotels

Pass resolution Setting forth that Use of Liquor is Hindering Industry and should be Dispensed with.

The Clearfield County Committee of Public Safety took a long step in the right direction and laid the axe of their resolve at the very roots of the great evil in this country, which is causing more discouragement and hindrance to one hundred per cent. efficiency than any other or all other agencies with which our government at war has to reckon, when they by unanimous vote passed the resolution directing the Chairman of the Public Safety Committee to immediately take it up with Judge Bell and thru the State Committee of Public Safety ask the judges of our adjoining counties, and have all wholesale and retail liquor licenses suspended during the period of the war.

From every section of the country comes the same story, and more especially from the coal producing territories such as Clearfield and adjoining counties, "we are unable to speed up and our productive capacity is cut anywhere from twenty to forty per cent by Trouble's originator and best friend, BOOZE."

There is one way and only one to remedy this condition and that is by drastically cutting out the BOOZE. This was recognized by the Clearfield County Committee on Public Safety and they fearlessly met the issue—more power to them.

These men are earnest, thoughtful men, fully alive to the conditions they deplore and ask this remedy for. They, at the request of their government in need, are giving unsparingly of their time and talents to further the efforts of this country in a crucial struggle, and it is now up to all the people to insist that their remedy be applied.

Let every town and village in Clearfield and adjoining counties, the State and the country at large heed the warning and get busy on having this menace removed. Favorable action by the license controlling powers on this urgent appeal is absolutely needed and if you want to do your bit and help the good work along, and increase the output of our mines to their fullest capacity—so badly needed now—organize and call your town meetings, pass resolutions upholding and endorsing the action of the Public Safety Committee and thus make known to those in authority and position the grant the request that this action is vitally necessary and unanimously regarded.

The report of the committee and the resolutions in full will be published tomorrow.

Morrisdale Loans Uncle Sam Sum of \$25,000

In Southwest Pro-Germans Try to Intimidate The Bankers

(By United Press)
Washington, Oct. 17.—An effort by pro-Germans in the southwest to intimidate bankers aiding the Second Liberty Loan was reported to the Treasury department today. This was met with a threat to remove government funds from the banks and at the same time a direct drive for subscriptions from the German element is underway.

Minneapolis reports that German born farmers are buying bonds and one Teuton banker stated that a recent naturalized Teuton subscribed for another thousand dollars' worth of bonds after being congratulated on subscribing to the loan.

The Liberty Loan situation is critical today the Treasury Department feels. With only about one-fifth of the five billions of gold subscribed there remains only ten days' of the campaign. The nation must now subscribe at the rate of four hundred millions a day. So far the average daily sales have been scarcely one-fifth of that amount.

Morrisdale Reports

The thriving mining town of Morrisdale reported to the Central Liberty Loan Committee today that a total of \$25,000 has been procured there for the Liberty Loan and that their work is only beginning.

Hats off to Morrisdale. It is the first to report tangible results from the big drive.

C. B. Maxwell, a member of the Executive Committee on the Liberty Loan is a Morrisdale man and no doubt a large measure of the success of the loan down there is due to his untiring efforts and the high esteem in which he is held by his townspeople.

FAREWELL PARTY

About twenty-five friends of Charles Hoover gave a farewell party in his honor last evening at his home on Locust street as he will leave in a few days for New York to resume his studies at a dramatic school there.

The guests who were in masquerade costume spent a most delightful evening playing games, dancing and enjoying the music. Delicious refreshments were served.

The guests departed wishing Mr. Hoover much success in his work.

With This Amount They Plan to Buy Enough Influence in DuBois to Defeat Able Young Attorney

SHALL THE LIQUOR DEALER RULE

According to the DuBois Courier this morning the liquor dealers of DuBois are going to wage a stiff campaign against the candidacy of John Arnold for District Attorney.

Mr. Arnold, as everyone knows, has handled the most of the work for the Clearfield County Dry Federation and in connection with the cases against the liquor dealers of DuBois has incurred their enmity. It is only natural that they should not feel friendly to this young attorney who has exhibited scrappy qualities in the prosecution of violators of the liquor law and transgressors of the rules laid down by the Court.

It has been known for some time that the liquor dealers of DuBois were perfecting plans to defeat Mr. Arnold because he had backbone enough to stand up and fight violations of liquor law as well as crime of other nature but it was not thought that they would adopt the plan outlined. They evidently think that with a paltry \$1000 they can buy the good people of DuBois. We have too much faith in DuBois and her people to think that the slush fund is going to work any real benefits to the Welch candidacy over there and it surely will be a blow to his campaign throughout the county.

For some time the dealers of DuBois and their friends have been quite active in personal solicitation. One man in DuBois has been approached by no less than five lieutenants from the liquor dealers' camp. Desiring to employ more effective measures, a meeting was called at a certain First Ward Hotel during the latter part of last week at which the liquor dealers formed an organization and put up \$1000 to be spent in DuBois to secure Welch's election as District Attorney.

The office of District Attorney is the office of public prosecutor—the people's lawyer. The liquor dealers do not come in contact with the District Attorney unless they violate the law. They insist, however, that the present District Attorney be elected, and he has their unanimous active support.

The Courier statement says, "As we see it the biggest issue of the campaign is 'Shall the liquor dealers rule Clearfield County and name the public prosecutor?'"

WILL ARREST SERENADERS

The kids up on Fourth street who staged the calithumpian serenade last night not only disturbed the neighborhood but damaged some property and the police have orders to arrest them tonight if they start their monkey business again.

Hon. G. W. Bell, of Bellefonte, was a business visitor at the County Seat today.

Three of State's Murderers Wait For Action of Pardon Board Today

Harrisburg, Oct. 17.—Three murderers, all scheduled to die within three weeks, anxiously are awaiting word of decisions by the Board of Pardons today. Two—Henry Ward Mottern, Jefferson, and Martin Lehauskas, Carbon—are no strangers to the board. Frank Borgin, Indiana, is before the board for the first time; he heads the list and asks a commutation of sentence to life imprisonment; unless action is taken, Borgin will die November 5.

Mottern, having once been refused a pardon and twice been refused a re-hearing, again asks a re-hearing. He is the Jefferson county stippling convicted of killing William Haines, Ernest L. Haines son of the murdered man, was convicted with Mottern, but later acquitted when a new trial was ordered. Mottern's death date is next Monday.

Leschanski, convicted of a murder antedating 1915, will be hanged October 21 in the Carbon county jail unless state officials interfere.

George Soulsby, who has been seriously ill at his home on Market street for some time, was taken to the Clearfield hospital this afternoon for medical treatment.

Theatre Owners Must Return Tax To Government End of Each Month

There is much speculation among exhibitors regarding the theatre tax which goes into effect November 1st. Contrary to a pre-conceived impression there will be no special stamps to be attached to admission tickets or special ticket of any kind. Instead the exhibitor will make a report under oath at the end of each month, setting forth the number of taxable admissions he has handled and pay accordingly.

Some exhibitors are apprehensive as to the results of the war tax on business. They fear he extra ten per cent will result in decreased attendance. Such should not prove the case, as the public knows the exhibitor does not get the extra pennies—on the contrary the patron should be proud to do his bit in this manner.

The provisions of the war tax bill as applied to moving picture houses is that for every ten-cent admission charged in a motion picture theatre one cent has to be set aside for the government. In case the admission

Mrs. Blacker had her suspicions of her dusky visitor and had just taken a considerable sum of money from the till for safe keeping before the

EDITORIAL**BACKING HIM UP**

The business men and firms of Clearfield are standing back of the government in a most loyal manner. Lip service has no place in their idea of loyalty. The various committee members appointed on the Liberty Loan are most enthusiastic workers. Many of them have made large sacrifices. One man when drafted into committee work on a thirty minute notice said, "I have more work to do today than I will ever get done but if it is for the government I will be there on time and work until you say stop." This man was a staunch Republican, too.

We want to call the attention of our readers to the series of advertisements now running in this paper and in every other newspaper printed in Clearfield. These advertisements will continue until the Loan is closed. They are the donation of the merchants and business men of Clearfield.

In this way we believe the necessity of the Loan, the features of the Loan and the responsibility for the needs of war will be brought to the attention of the greatest number of people at the least expense. The entire series will embrace twenty-eight pages of newspaper advertising.

The business interests of Clearfield are buying bonds and advertising them as well. They are performing a double service. Take advantage of their work, read the advertisements and let yourself open to conviction, that you might clearly see the path to duty in offering a part of your earnings to the government as a loan.

We cannot believe that anyone could be so foolish as to believe anything like the stories which the District Attorney declares are being circulated with reference to his alleged attempt to evade military service. Further than that we do not believe that any such stories are in circulation. They sound like other "phantoms" born of imagination and conceived in mortal fear. This story is too ridiculous to be given credence. In his private life we know the District Attorney as a gentleman and though opposed to him for re-election we denounce any attempt at malicious lies.

The queries raised in regard to expenses of the District Attorney's office threw such a scare into Welch headquarters that they have the "bugaboo" bug in fine shape. It is only natural that they imagine they hear all kinds of things. They are like the timid hare that hops along the highway in the glare of the high power headlight.

However, there is one noise buzzing in their ears that is a tragic reality. It is the general protest against another term of office for a man who has proven himself unequal to his job. No amount of explaining or excuses will wipe out this, one of the just accusations against the candidate.

**TEACHERS SCARCE
IN CENTRE COUNTY**

The scarcity of school teachers is causing concern in Centre County, especially in the country districts. Teachers' certificates that are fully a dozen years old, and which have been on the shelf for that long without being in use, have been brought into service by men who were regarded as "too old" prior to the beginning of the war. The Coburn grammar school in Penn township, Centre county, was opened this week, after being closed several weeks for want of a teacher. Wilbur F. Cleaver, editor of the State College Times, has given up newspaper work to become a teacher at Johnstown.

MEN SATIRIZED BY
MRS. W. J. BRYAN

She Tells Suffrage Crowd They Always Opposed Things That Make For Progress, Including Baby Buggy

New York, Oct. 16.—Mrs. William Jennings Bryan was applauded for three minutes last night when she was introduced at the Suffrage rally at Cooper Union by Chairman Fred C. Howe, Commissioner of Education. She painted a satirical picture of the evils of Woman Suffrage that brought laughter from the audience of 300. Mrs. Bryan said in part: "Man has always opposed those things which spoke for progress. He referred to the first matches as a hellish invention.

"The cooking stove too, was that by him to be dangerous, and the baby buggy was looked upon as a device which was certain to carry woman daily miles from her home and cause neglect of her duties.

"Street lighting was opposed as bound to increase immorality and to cause people to prowl about the streets all night.

"It has even been suggested that mankind might die of unrequited love if women were granted the right to vote, and that woman would die of exhaustion when she came to voting day in and day out.

Poor Judges of Women

"Men are poor judges of women, even after long association, when they permit themselves to believe that we are going to lose our femininity because of getting the vote. We cannot possibly lose it, as it is woven into our very fabric.

"Our boys and girls must be taught at home to meet the responsibility of citizenship. Who but the mother should be pre-eminent in this work and how is she to measure up to the task if deprived of the opportunity to share in the tasks of Government?

"Man and woman must come to coordinate and supplement each the work of the other, physically, mentally and spiritually, in a manner calculated to make for the betterment of the world; and the ballot is one of the best instruments to this end.

"It is not claimed that the ballot in the hands of women will prove a panacea for all ills, but it will make for improvement. And the ballot for woman is absolutely essential for the protection of the wage earners among women."

COURT NOTES

The Citizens Building and Loan Association, through its attorney M. Ward Fleming of Philipsburg, instituted proceedings in the Prothonotary's office Tuesday in which they seek to secure possession of the property formerly belonging to Gust Odell, located in Morris township, and which was sold to them at Sheriff's sale on February 5, 1917.

On petition of John C. Arnold, Esq., Judge Bell yesterday granted a writ of certiorari directing that the proceedings in the case of Com. vs. Amelia Goss, alias Nellie Goss, convicted before Alderman Joe Boyden of DuBois, of disorderly conduct, be returned to court, for argument as to the jurisdiction of the Alderman in summary conviction.

John Uber, of DuBois, refuses any longer to be a husband in name and not in fact, and accordingly instructed his attorney, John C. Arnold, to institute proceedings in the Clearfield county courts to dissolve the bonds of wedlock which only figuratively speaking bind him to his wife, Mrs. Lillie Uber. Uber, in his complaint recites the fact that he was married in September, 1894, and on May 10, 1916, his wife transferred her affections to one James Dinger and has since refused to consider herself his wife, hence the necessity for the divorce.

A. R. Chase, Esq., filed a similar petition on behalf of Wilbur Albright who seeks a divorce from his wife, Mrs. Esther Albright. The Albrights never made much of a success traveling in double harness, as the complaint states that the marriage knot was tied April 28, 1916, and shipped May 27, 1916. The wife is alleged to have deserted her lord and master on that date and a divorce is the only remedy.

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy nose, cold, foul tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bilious poisons, and thus bring the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully purgating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, others who have sallow skins, blood in the stool

sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.

An English correspondent suggests that Uncle Sam's soldiers be called "Samsons," since they are strong men and are going to pull down the pillars of German militarism about the Kaiser's ears.

WHY HESITATE?

In 1776 our forefathers fought a long and bloody war---LIBERTY WAS THE RESULT.

In 1861 state battled with state and men fought and died as in no war up to that time---and UNION WAS THE RESULT.

Liberty and Union through all these years have stood for the name of America. The peasant from old Russia, the laborer from sunny Italy, millions from every land heard this call and have journeyed to this land of Liberty and Union, but STOP---

UNCLE SAM IS CALLING

Germany, in the form of a military giant, is attempting to crush our friends; to overwhelm them and then turn to the land we love.

WHAT WILL BECOME OF OUR LIBERTY---OUR UNION?

Are we to forget the Boys of '61 who marched away from this county; some never to return, others to be sent back crippled wrecks of human bodies?

Are we to forget that old veteran close to us, a father, uncle or brother who went through Hell that the union might be preserved?

Are we so callous that we can sit back and not be stirred in this hour of our nation's need?

Shall we be ungrateful for the prosperity and good fortune that has been our share that, at this time, we would hesitate to loan our Uncle Sam the sum he asks?

Your government must have guns to fire; ammunition for the guns and clothes for the boys who are going to preserve that Liberty and Union that was so dearly bought.

RENEWED TESTIMONY

No one in Clearfield who suffers backache headaches, or distressing kidney and bladder ills can afford to ignore this Clearfield woman's twice-told story. It is confirmed testimony that no Clearfield resident can doubt Mrs. W. L. Hall, 107 Merrill St., Clearfield, says: "I suffered from severe backaches and headaches and spells of dizziness. I used Doan's Kidney Pills as directed and they gave me splendid relief." (Statement given June 28, 1912.)

A Permanent Cure

On December 7, 1915, Mrs. Hall said: "I still recommend Doan's Kidney Pills as highly as ever. They made a lasting cure in my case."

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cleanse the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and there is a bad breath—a full, tired feeling—acidity, torpid liver and are constipated, you find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

By Midnight Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8½ months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

Wesley Norris Talks to Voters

To the Voters of Clearfield County.

Gentlemen:—

As a Candidate the second time for the office of Sheriff of Clearfield County, having incurred much expense and considering my advanced age and that this is my last chance for election, I appeal most earnestly and anxiously for your votes at the coming November election. I feel that aside from these claims I deserve your favorable consideration because as a common citizen I have always favored the laboring classes of which I am one, and if elected I stand pledged to favor every laboring man to the utmost of my ability, and without asking his politics. I have always tried to be active in helping to build up the town and county. I am a native of Pike township and belong to a large family of heavy tax payers in Clearfield County and our connection is one of the largest in the County.

I feel that as I secured my nomination honorably and fairly, and largely upon my claims as the second highest man four years ago, I can honestly appeal to the voters to help me now as this is my last chance.

I plead with every voter who knows me to use their utmost influence to get every friendly voter to the polls on election day and to use your best influence in my behalf with all the voters in Clearfield County.

Yours very truly,
W. P. NORRIS.
